GREENHOUSES

FRASER, MICH.

Dear Homemaker:

Are you an indoor windowsill gardener? If you have even one potted plant, I'd like to have a moment of your time now, before you turn the pages of this catalog. We all take great pride in keeping our home "friendly" and everyone knows that all "green thumbs" are just plain home folks when it comes to swapping advice and talking about plants. Haven't you noticed that if you have a purple violet, it doesn't take long before you acquire a leaf or two of another kind? In no time at all you find yourself watching for your sprouts to unfold, then what a joy it is to watch the new blossoms unfold, and suddenly, you've found a delightful hobby!

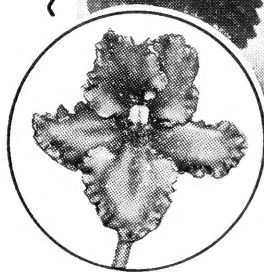

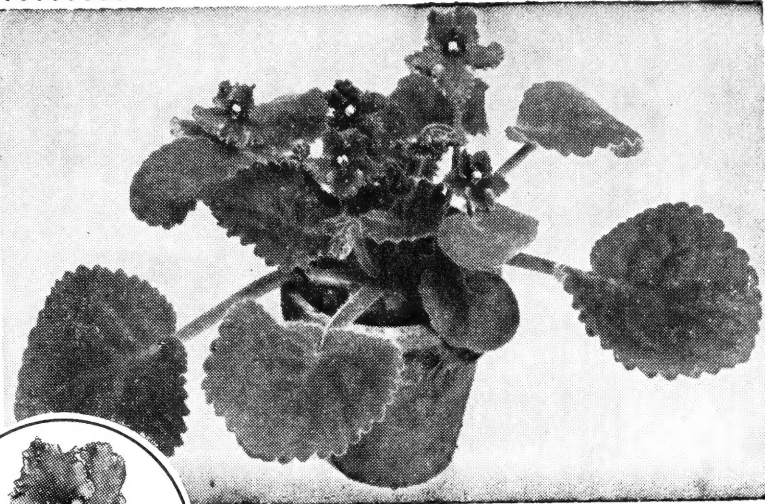

You want African Violets that will bloom without pampering, and you want them to reach you in fine growing condition! You may wonder how we pack them so they arrive without breakage. Our African Violets (individually potted whole plants, not cheap divided roots) are sent with a ball of good earth around the roots, and we wrap well dampened moss around the soil. The plant is enclosed in waxed paper and then anchored firmly onto corrugated padding to prevent shifting within the box . . . guaranteed by us to keep right on growing and blooming! Complete growing instructions included too. We sell both the new varieties for the collector and also the exquisite kinds that are just a few years older, priced for the modest purse.

Be the first in your neighborhood to have a window full of violets, blooming all colors of the rainbow during the winter months when flowers are most appreciated. Send us your order today!

Sincerely, SPOUTZ GREENHOUSES,
Mrs. Jennie Spoutz

Ruffled Queen

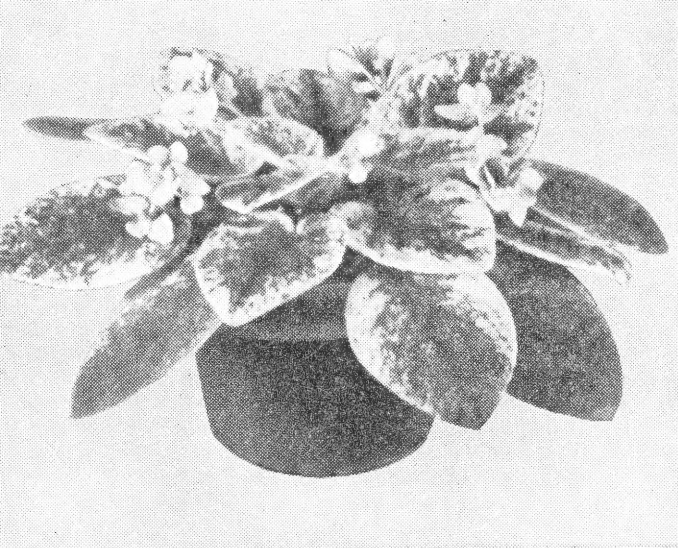

Fringed Dark Burgundy

\$3.25

Here's an African Violet that's sure to catch the roving eye! The above photograph does not completely do this plant justice for we tried to show both the flowers and the robust foliage clearly.

Never before has any variety been No. 1 Best Seller every season since its introduction! It's a record that hasn't been topped, and if you must limit yourself to just one plant, order Ruffled Queen! It is very choice and merits the consideration of every serious African Violet enthusiast!

WORD PICTURE: Long lasting flowers, velvety dark burgundy, of giant size and heavy substance, with each petal so ruffled and frilled it gives the appearance of being edged with lace of a lighter shade than the rest of the flower. As each bud unfolds it's a joy to behold for the crinkled edges remind you of starched ruffles even on the reverse of the blossoms! A superior bloomer with well-branched flower stalks.

**Brand New
Introduction!**

Wintergreen

\$3.50

A rare violet indeed, growing exactly as pictured! The foliage is speckled chartreuse and marbled forest green, with

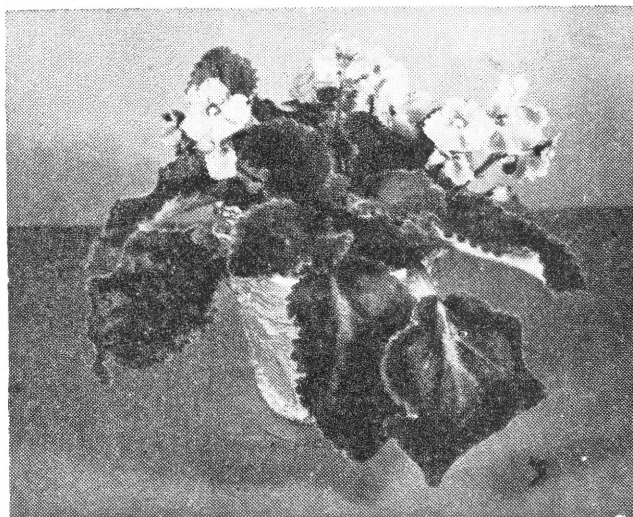

double white flowers that are tinted light blue in the center. Really different, brand new and a sensation when exhibited for the first time at the African Violet Convention held in Nashville, Tenn., last April.

**Brand New
Introduction!**

Edith Cavell

\$3.25

Here's an adorable newcomer listed in our catalog for the first time this season! How I adore the exquisite mauve-lavender pastel ruffled flowers, nestled in clusters like jewels atop the darkest bronze-green foliage . . . very choice.

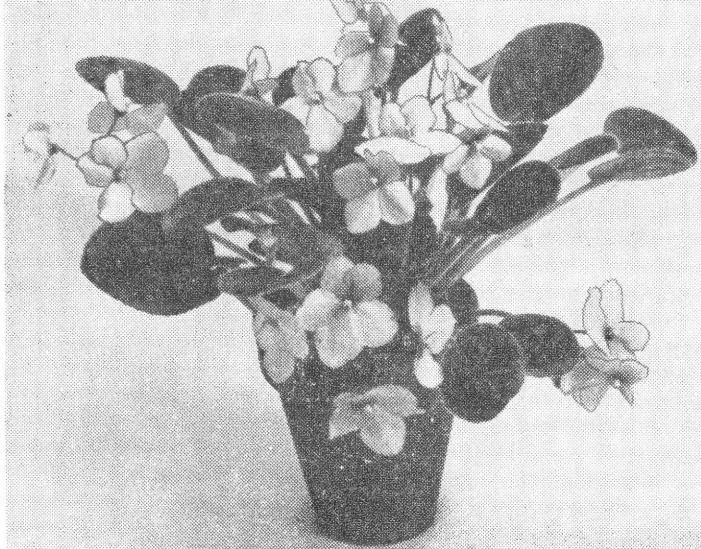

Lavender Beauty

\$1.50

If you're a beginner and violets are new to you, we recommend Lavender Beauty. It's easy to grow, always in bloom, and priced low to start your collection. Dependable!

The picture is an excellent likeness. Petals have a soft satiny finish and glisten with frosty particles, in a true pastel lavender. Don't be a Doubting Thomas, but prove to yourself that our violets do grow and bloom as we say they will!

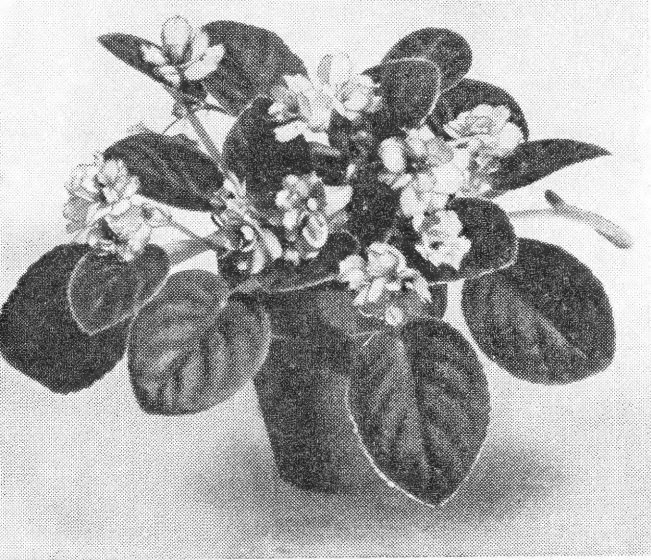

Double-Flowering

Queen Neptune

\$1.75

There are so many large sized fully double flowers of darkest purple, that it may be difficult to see where each blossom starts. If you need this color in your collection, or if you have no

doubles now, we recommend Queen Neptune for its beautiful dark green quilted foliage, that commands attention for the wonderful satiny gleam—and because it's the BEST in its class!

Azure Beauty

(White and Blue)

\$2.50

We have this one pictured accurately above, so that you can see for yourself that the blossoms are very large and fully double.

Azure Beauty is the result of years of selection and breeding by the same hybridizer who produced that new variety "Wintergreen." An unusual color break, white with center petals shaded light blue; all flowers open up widely, all buds will mature! Plants attain great size.

The beginners of yesterday who are now the collectors of today will have to allow their imagination a free hand, since words alone cannot give a true picture of this lovely plant in bloom!

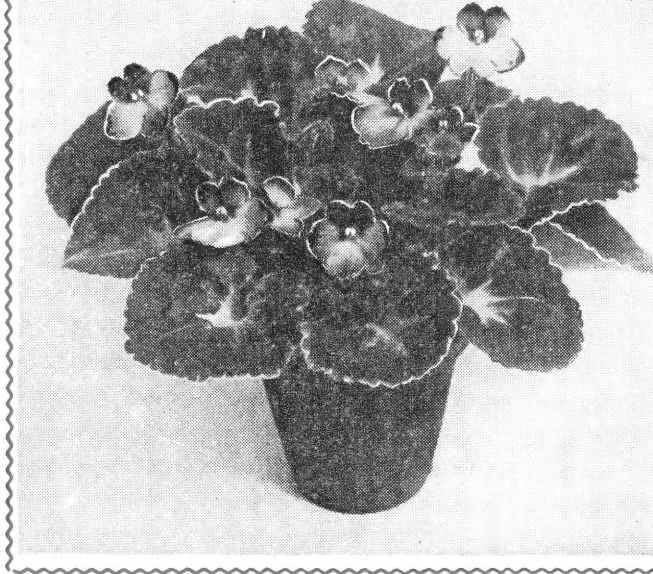

TO CUSTOMERS WHO'D RATHER "COME AND GET 'EM"

Our greenhouses are located at the corner of Schoenherr and Moravian Drive, between 14 and 15 Mile Roads. Schoenherr starts at Gratiot and 6 Mile in Northeast Detroit. Phone: Warren 5011. Bank References: State Bank of Fraser, Fraser, Michigan.

Velvet Girl

(2-tone red)

\$2.50

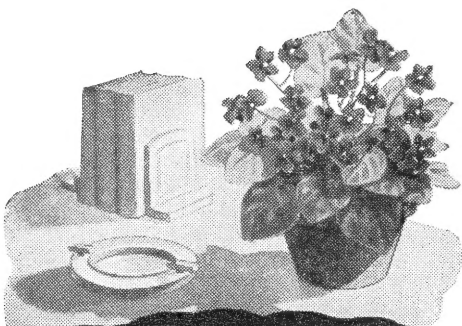

The two uppermost blossoms in the accurate photograph above will tell you more than words can describe. When I first saw this variety I thought of "Pansy-Puss." It's clean-cut and adorable and a very good bloomer, with outstanding fluted foliage.

The lower petals are mostly a dark orchid I'd say, but with a permanent red-garnet edging at the outside tip. The two upper petals are solid in tone with the same velvety dark red-garnet coloring and it does not fade out. Something new in African Violets!

This captivating pansy-like flower has an endearing personality and a warm and unassuming nature, and the two colors have an instant appeal. No other like it. Easy to grow—lots of flowers.

African Violets are just the gift when you want to say "I'm thinking of you." A hundred kindly thoughts will not register like one actual gift of plants such as we furnish. Gift wrapped and guaranteed to please! All prices are "postpaid."

Confirmed gardeners are happy people . . . they develop and revel in beauty around their homes. You forget worries and troubles in tending a garden. Your windowsill garden of African Violets will be a real year-around pleasure!

FROSTY: We had a limited supply of Frosty with those creamy-yellow and chartreuse variegated leaves, and we described it in our Spring 1953 catalog. It took us till October to fill those orders! GYPSY: Really bright rose-orchid, a color which will attract much attention in your home. One of the newer violets we've been growing in quantity to be priced low for new enthusiasts. If you have a limited amount to spend for violets we know you'll enjoy owning our Gypsy. Always many large round flowers with smooth coloring! Girl-type leaf. **\$1.75**

HILDEGARD: A sister seedling of Edith Cavell in a lively frilly rose-orchid with rich green leaves. Since we grow all varieties we sell side by side, we compared the flower of Hildegard with that of Gypsy described above; they're quite similar in color. But we're so fond of that dainty fluting on each flower petal, we just couldn't pass it by. **\$3.00**

HOLLY: If only this could be shown in color because the foliage of Holly must be seen to be realized! Darkest bronze green, very frilled and pointed crisply at the edges and royal purple beneath. Truly the darkest leaf and the shiniest leaf you've ever seen! No other variety in our catalog has a leaf like Holly. Lots of blue flowers too. **\$2.25**

spoutz african violet greenhouse . . . fraser, michigan

LAVENDER BEAUTY: Not new but so distinguished and well established in all collections that we illustrate it right up front . . . see page 5! Lavender Beauty ranks with Velvet Girl as the 2 finest and most beautiful time-tested violets of today. Frost-like particles gleam artfully to produce exquisite shading in each exhibition sized foamy double blossom. A registered variety that will win blue ribbons for you in any African Violet Society Exhibition. Reserve your plant! **\$3.50**

Immense buds unfold into huge flowers perfectly spaced on stalks that boast of magnificent branching . . . yes we've counted 15 to 20 buds on our plants! **\$3.50**

PURPLE KNIGHT: This famous seedling has been a favorite here for the past 2 years so we dropped the older sorts in this color class . . . we've made room for this superior dark Purple Knight! All good habits: easy to bloom with giant sized flowers, strong stems, a very fine gift plant. **\$1.25**

QUEEN NEPTUNE: Our Spring 1950 catalog listed this one for the first time, and now it is priced low so as to be in YOUR collection! Fully double flowers with each petal placed "just so" to form a beautiful bloom of darkest blue. See Page 5. A real novelty! **\$1.75**

RED KING: Think of a rich burgundy wine against velvety foliage of darkest green. The connoisseur will be proud to exhibit this variety at Flower Shows where it will surely win prizes for its free-blooming habit. We have counted more blossoms on Red King than any other variety we grow! We've seen many newer "reds" but still prefer the captivating Red King for its exceptionally fine windowsill qualities. For a rare treat, display Red King next to baby blue Sailor Girl! **2.25**

ROSE RAINBOW: Big double white flowers edged with rose, a perfect companion to the already established Azure Beauty which is pictured on Page 6. Very much in demand and always in short supply for it is genuinely different! An easy bloomer, every bud will unfurl slowly and the large flowers last a long time. **\$2.50**

RUFFLED QUEEN: Leading hybridizers are still working to produce new seedling hybrids with that spectacular fringe that Ruffled Queen alone possesses! All that has been said about this gorgeous creation is true but it has to be seen to be realized . . . aristocratic Silver-Dollar sized flowers that will give you a thrill every time you talk violets! If you have a violet fan that you owe a present to, nothing could please her more than to own this rare gem! Fringed dark burgundy flowers . . . See Page 3! **\$3.25**

ROYAL SCOT: We know that double blue Queen Neptune has been a favorite because of those deeply spooned dark green leaves which are flushed wine underneath and heavily quilted. Now we have Royal Scot with that same grand shiny leaf and big puffy double plum-wine flowers! Wonderful show plant! **\$2.00**

SAILOR GIRL: We can't say that it has large flowers or that it will grow to great size, but if you're looking for a friendly pot plant with many virtues, read on. The sweet flowers remind you of round bells (they do not open up widely), soft baby blue distinctly deeper in the center with cheerful golden stamens, pleasantly surrounded by clean-cut neat girl-type foliage. Prolific bloomer. **\$1.25**

SAILORS DELIGHT: Now if your space is limited here is the double light blue that your collection needs . . . always nice and compact just like Sailor Girl above, only fully double! The vivid widely opened blossoms almost cover the leaves! **\$1.75**

spoutz african violet greenhouse . . . fraser, michigan

SHOCKING PINK: There's nothing quiet or demure about this new variety . . . it shouts for attention! We've been growing it in great quantity so as to price it low for beginners who have not been impressed with those older pale-leaved and small-flowered pinks that have been sold for years! Truly bright pink, real easy to bloom. **\$1.75**

SNOW PRINCE: Absolutely pure white flowers that are full, round, and truly bigger than a Silver Dollar! If you have had trouble growing the pure white ones, we guarantee that SNOW PRINCE will give you new confidence! The widely opened flowers glisten in the sunlight and your plant will always have loads of flowers and buds held high on strong stems. Tailored foliage, graceful and neat growing habits. Our healthy plants are anxious to bloom for you. **\$2.00**

VANITY: We regularly visit leading hybridizers, searching for choice new varieties and we were most fortunate to be able to buy all the "rights" to an unnamed seedling now registered as "Vanity." Gigantic flowers of richest orchid-rose and lightly frilled at the petal edges . . . a superior bloomer whose long-lasting blossoms grow larger, more beautiful day by day. Our stock is limited, early orders will be shipped first. **\$2.75**

VELVET GIRL: Shown on Page 7 and really striking, in a two-tone red combination. This captivating pansy-like big flower has an endearing personality, clean cut and adorable! Lower petals are mostly rich light red in tone, with a permanent red-garnet edging at the outside tip of each petal. The upper 2 petals are solid velvety dark garnet and this doesn't fade out a bit! A profuse bloomer. Handsome strong girl-type foliage. Has been our 2nd best seller again last year and every year since its introduction! For sharpest coloring we recommend using our Pokon Plant Food. **\$2.50**

POKON PLANT FOOD

"Imported direct from Holland"

**DOES NOT CONTAIN CHLORIDE
WHICH BURNS THE ROOTS**

We use Pokon in our African Violet greenhouses regularly. Our customers who have used this product from Holland for eight years send us unsolicited testimonials like this one, received in August 1952, from Mrs. H. B., of Greensburg, Indiana — "I just had to drop a line about Pokon. I have had wonderful results. All my neighbors just "Oh" and "Ah" about the large and many blooms on my violets. Some of them are common kinds but they surely don't look it when I use Pokon."

If **YOU** have had trouble getting your African Violets to bloom, the trouble might lie in the fertilizer you have been using, for violet roots are tender and chloride and wrong fertilizer can ruin your collection in no time at all.

Here's what you should do. Compare the analysis of Pokon (16-21-27) with whatever you've been using, and notice the high concentration of nutritive elements which has made Pokon world known. Pokon dissolves instantly and completely. Odorless. Simply dissolve a teaspoon of the crystals in a quart of water, use this every other week. Left over solution can be saved till used up.

Here's what Pokon costs: Just 4 cents a plant a year! You must feed your plants for biggest flowers, and you will notice the difference at once, for Pokon promotes stronger root systems and richer darker foliage, **PLUS** longer lasting flowers!

Red King

**Deepest red so far*

**Holds its color*

**A profuse bloomer*

\$2.25

We hasten to admit that truly crimson red African Violets aren't to be had but this one is the nicest we've seen. Red King holds its color and makes a compact plant. When grown in a sunny window the foliage shows unusual darkness!

As in the past, we have looked carefully at all the "newer" reds that have been named, and we still believe that Red King outdistances all others. The picture above shows its neat growing habit, and it is easy to bloom, with eight and more buds and flowers per stalk, held well above the foliage. Red King holds its color evenly (remember, it's not a fireman's red), and young plants are covered with claret-to-wine good sized flowers. Very aristocratic!

We sell new varieties for those who want the latest sorts and also the exquisite kinds that are just a few years older which have stood the test of time, and priced lower. You can rely on our descriptions!

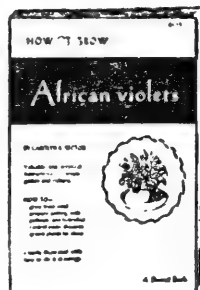

A customer wrote us: "I'm glad I sent in my order soon as your catalog arrived. Your packing was just grand, and my plants arrived yesterday. They were so nice and fresh that my neighbors would hardly believe they came from such a distance."

I was interested in this book long before it was printed, for Mr. Free is one of the associate editors of "10,000 Garden Questions Answered" . . . a book which I consider a gold mine of practical information for an amateur gardener. But going back to Mr. Free's "ALL ABOUT AFRICAN VIOLETS," it was written about plants Mr. Free took care of himself. Every problem you are likely to meet under home conditions is taken care of. Non-technical and very humorous. You're sure to enjoy his droll observations of some of the varieties "discussed" . . . 69 pages worth! Collectors . . . don't miss this book. It is Easy to Grow African Violets

In the past, some have felt that African Violets were temperamental, but with just a few simple suggestions, you're sure to be a confirmed enthusiast! Let's visit a while, and I hope you'll be persuaded to give your green thumb a chance to show you how lovely your windowsills can be.

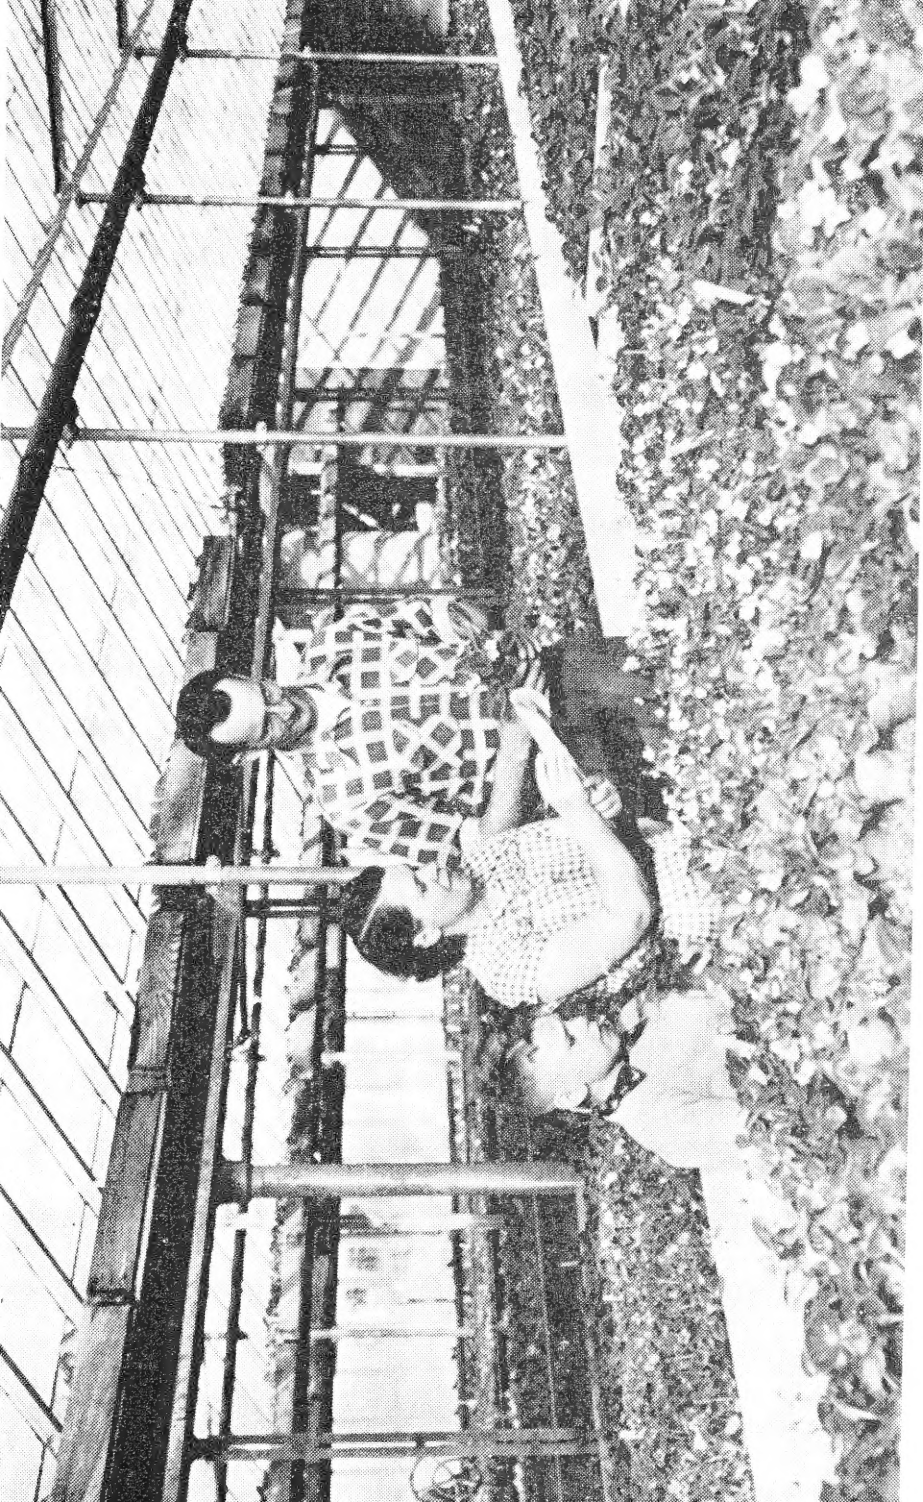

I wish I could convince everyone that my healthy plants, plus a Wik-fed pot, a window, and my good special potting soil is all that you need to have an abundance of bloom. It's just that simple! Let's suppose that you have all these things, and from now on it is just a few hints on culture you need to keep your plants looking nice. They need some sunlight.

If you mix your own soil take: 4 parts good garden soil, 4 parts rich woods earth (leaf mold), 1 part of sand or vermiculite, 1 part peat moss, 1 part very rotted cow manure. You'll have to sterilize by baking this one hour at 250° to remove the nuisance of worms or weed seeds. I should say here that you must hide all fertilizers before you start, lest you be tempted or carried away with enthusiasm in this important mixing process!

Now look for a pot that is in proportion to the plant, too much pot detracts from the beauty of your plant. The Wik-fed pots allow for proper drainage, or select any kind with a hole or two in the bottom. Our customers report that Pokon Plant Food enriches the color of your foliage, increases the size of the flowers and generally increases the loveliness of your violets.

Don't spill hot or cold water on the foliage as this will spoil the appearance by causing brown markings. These plants originated in Africa, so they appreciate warm temperatures. Of course, you wouldn't want them to die with sunstroke by allowing the hot sun to shine directly upon them thru a plate glass window.

Now if you have some old gnarled plants that just don't look right to you, firmly resolve to throw them out and start anew! Coddling a weak specimen on your limited windowsill just isn't worth it, when you recall how many nice healthy plants are anxious for a spot to show appreciation by dutifully rewarding you with flowers. Give them room to be graceful, don't separate plants that are blooming lest you knock off the flowers; and don't let me frighten you, they're easy to grow!
